

Enviroschools

Careers in Sustainability:

An event for secondary school students and teachers

Wednesday 18th April 2018

1pm-3pm

Wellington Girls' College Library

Free to attend for students or teachers / school staff

Registration link: <https://goo.gl/forms/8sSgVqved1xUVD682>

Student participants can expect to be inspired, meet like-minded peers and have their questions around future careers in sustainability answered.

Teachers and Career Advisors will walk away informed, resourced and connected.

Presenters from Just Speak, Pedal Ready, ReBicycle, Victoria University, DoC, Enviroschools, Greater Wellington Regional Council, Papa Taiao Earthcare, WWF, World Vision, Ministry for the Environment, Kaibosh, Kaicycle, Para Kore, People's Coffee, Pomegrante Kitchen, Million Meters Project and more.

In this event participants will hear what career opportunities are out there locally, nationally and globally. There will be a chance to hear from experts on a panel, then participants may select an area of interest to speak with experts in smaller groups. The final section will include a wero or challenge for students to share their experience and if relevant social entrepreneurial idea in their school assembly with a video we will provide to accompany.

Made possible with support from Papa Taiao Earthcare, Zealandia, Doc, Wellington Zoo, Porirua Harbour Trust and Otari Gardens.
